

Blessing Bag Contents

Assumptions (to be debated and modified, if desired)

1. We will provide male and female bags.
2. The ratio of male to female bags will be 4:1.
3. We will provide summer and winter bags with season appropriate items.
4. Clothing items, if provided, will be standard sizes (i.e., “one size fits all”). We need to determine what these sizes will be.
5. Blessing bags are to be distributed at warming stations (in the winter), or upon request.
6. **Items listed below are suggestions. A one-gallon zip lock will not hold everything listed.**
